

16 CYLINDER OFFSHORE GAS BUNDLE

Code: PB9042GN

Design Temperature (°C)	-20/+65
Total volume, water capacity (litre)	800
Cylinder diameter (mm)	229
Max. height of cylinder	1550
Max. gross weight (kg)	2120
Payload (kg)	570
Tare (kg)	1550
Max. working pressure (bar)	300
Ext. dimensions (mm)	1016x1016x1944

- DNV-ST-E271-2.7-1, ISO 10855, IMO/MSC Circular 850
- ISO 10961, ADR, RID, TPED, IMDG, TPER
- Designed to accommodate (x16) Ø229, 50L cylinders
- Includes full documentation pack
- (x16) cylinders @ 300bar WP
- Includes 300 bar cupri nickel manifold
- Includes (x16) cylinder valves
- (x2) inlet/outlet valves to suit gas service
- Includes pack build
- Includes wire rope sling set & shackles to DNV
- Hot dip galvanised finish

Air Argon Heliox Helium Oxygen Nitrogen
